and Johnny Balaoing.*

Perhaps to most of you non-Los Angeles residents, this mailing will come as a surprise. But for the past three years, we UPSCAns of the vintage from late 50's to early 70's have been meeting periodically, and in the course of these get-togethers, we've come up with a mailing list of UPSCAns in the U.S. (next page). Most of these names have been garnered thru networking; others thru the modern technology of the CD-ROM phone book in most libraries: so long as you're listed, we can track you down.

We have an informal UPSCA Alumni Association of Southern California. We now want to expand it into a national association, and would like to set a tentative date wherein perhaps as many of us as possible can get together. We are looking to Saturday, May 29, 1995. This is a three-day weekend just before summer.

So please contact us soonest. Send more data on yourselves so we can have a newsier Newsletter. Let other UPSCAns whom you may know also contact us. My address and phone/fax is above.

A Merry Christmas and a Happy New Year!
