

The recent picture postings and ID queries prompt me to pull out some photos for posting:

Below photo was sent by Angge in 2001 with captions reproduced immediately below it. The **emboldened** names are those whom I personally know. I think Lito Domingo is the only one younger than me. He recently joined the loop. He should not be confused with Lito Barcelona-Collantes, Tigi's sister, whose hubby Modi recently passed away. Of course everybody would know Tigi.

At the May 31, 2001 affair at DH, L to R: George Sta Maria (designer of Upsca pin), Modi Collantes, **Lito Barcelona-Collantes**, **Mundy Gonzales**, Josie Sta Maria, **Tigi Barcelona**, **Louie Lagdameo**, **Charito Quintos-Guerzon**, **Olive del Castillo-Caoli**, Blue Luna Lizaro, **Lito Domingo**, Ester Buenaventura, Letty Tison, Bel Cunanan, Arnie Santos, Becky Kalaw, Tita Acevedo, Sylvia Lacson, Edda Pena, Linda Madrid and Pearl Palma. Seated in front are **Noel** and **Angge Alday-Soriano**. This picture and caption was posted in the Newsletter some years back.

This is getting interesting. Now, this photo on left is what Pepito Gatchalian just posted, and asked me to ID. He said “Attached is a 2005 photo I found - with Ernie and Medy, Ben and Venus de Leon, and May and myself. Perhaps you can help us identify our other co-UPSCANs in the picture.”

Since I know some of them, and presume Venus is beside Ben, then my ID's are Front R to L: Medy and Ernie Santos, Ben & Venus de Leon. Standing R to L: May & Pepito Gatchalian, then the big mystery for me: who are the two on the left? Now, doesn't the guy in red look like the guy in brown (leftmost) in the other picture, George Sta Maria? And the girl perhaps is his wife – but she doesn't like like Josie Sta Maria in other photo. She looks to me like Recy Ferrer, sister of Fr Art Ferrer and Rod Ferrer. I worked with Rod and Recy in 1979. Can any old-timer validate?
