

DARCY'S BIG BASH

Laguna Garden, Ayala
5:30 pm, Saturday, 25 June 2011

The well attended and enjoyable party thrown by Darcy was unique to many because it was cocktail style, with no seats but just drinks, hors d'oeuvres, lots of food, and the ubiquitous high tables such as the one shown at right. Cocktail parties make the guests loosen up and circulate, which precisely is what happened, in addition to some dancing spearheaded by Darcy himself, and carried on by his father-in-law who danced with so many of the ladies. Above photo shows just the girls and boys from GHS and BHS, and the hosts. Other groups of guests and family members also had their group pictures.

Darcy looked excellent. Here he poses with Beth and the GHS contingent. We all came to a meeting of the minds that evening. There will be a joint BHS and GHS Reunion in February, 2012 in Cebu. Ogie Reyes will spearhead the planning and organizing.

Since I held the camera in the two photos shown herein, here above is one of me, taken 2 hours earlier at the Cebu Detention Center where the world famous dancing prisoners performed, with me trying to perform, too.
