INTRODUCTION:

This is one of the standard print-outs of the Family Tree Maker Genealogical Software.

The Introduction and Index were edited in.

The print-out is generated from data that came from the following sources: 1) the Villegas Family Tree printouts of 1999 given to us by family patriarch Pepe Tiongson, who traces their roots to Geronimo Villegas, from Spain, who in turn, is the husband of Escolastica “Tikay” Teves, daughter of a part-Chinese Teves; 2) the Teves GED files from Niwatchai Peter Hueysuan de Villegas and Ron Jacob Abrazaldo Calumpang; and 3) an MSword file sent by Arlene D. Pastor, on the Mariano Pinili Family Tree, which includes many members from the Teves clan. The introduction cited major inputs from Ina Bonnevie Teves, Penn T. Larena Jr. and Joseph Rivera, married to Hemma Villanueva. All are active in their respective family websites. Joseph provided much invaluable date details of some early forbears. The Pinili file also showed reference to the forebear, Vicente Anunsacion Teves and his offspring.

Recent updates on the Llanderal branch are from Ruth Holt, and on the Mariano Teves branch of Iligan from Franco Teves and Ian Gonzales, and on the Pablo Y. Teves branch from Solhanne Baia Teves. And from the Erleen Teves branch from Jeleine Luba.

A recent discussion via email indicate that the forebear Vicente Anunsacion Teves was a Chinese from the mainland. Many of his children and grandchildren married Spanish men.

More recently, our attention came to a blog from the Fiel Family that indicated a significant branch of the Teveses, covering up to one Don Serafino Teves of Dumaguete who married a Fiel-Sauza, perhaps circa 1800s. He certainly is not any of the Don Serafin Teveses that already are well documented. Since no other hard data has surfaced, and in an effort to consolidate as many of the surnames where reasonably possible, we conjectured him to be a half brother of the 14 children of Vicente Anunsacion Teves.

All these information was merged into a database that has been accumulated from various sources over the years, in what is referred to as a Genealogical Project, now totaling almost 38,000 names. The purpose of the project is to link as many of the Filipino clans together.

Unique in this database is that each individual has been assigned a birth year, which is an educated guess based on date interpolation using assumptions of sibling spacing, and child-bearing years. Such dates are prefixed by “about”. Where an exact date is known, the birth years of the siblings, parents and children are adjusted accordingly. Still, many of the dates may be significantly off, since the order of births of siblings may be inaccurate, and/or incomplete. This “guestimating” of birth years is advantageous in a large database to distinguish between similar names and to cross check duplication when encoding newer entries.

This is NOT THE OFFICIAL Teves Family tree. The Pinili file indicates the existence of Teves Family Tree webmasters. Theirs would most likely include annotations, photos and historical sketches of the more prominent members of the clan. According to Ron Calumpang, who maintains a number of genealogical web sites, he had a recent meeting with a group of elders, and reports that the Teves Tree was started in the 1980s by Carmen Teves-Larena and that version is now maintained by Ernesto “Nene” Wuthrich Jr. It appears that other Teves kin also maintain their immediate branch of their Teves family tree, in hardcopy, or blogs in various genealogical sites on the internet.

But this appears to be the largest set among those others we are aware of, with 3,691 names carrying the bloodline, and 1,507 spouses and partners, all alphabetically indexed with unique ID.

This is a public service of the Tanjay Association of USA to collate as many of the major family trees in the province.

The list can be viewed on the site below:

<http://tanjay.rgad.com/familytrees/famtrees.html>

Updates are periodically made as evidenced by the dated version numbers.

However, an interactive but simpler website generally shows more current updates. This family tree also is viewable in various formats on the link below:

<https://tinyurl.com/rphuqvx>

The format of this print-out is as follows:

1. Arabic numeral prefix to each name is a unique number for each individual.
2. Names with a hash # prefix means that the name will appear again in later generations, in reference to their children.
3. Roman numeral prefix is the order of birth for siblings.
4. Small superscripted numbers indicate generational level of individuals.
5. Parenthesized names after emboldened name are forebears or bloodline of individual.
6. Where full names are unknown, XXX are used, or other descriptive titles.

Last portion is an Index with all alphabetized names and their reference numbers.

There most likely are errors, as some of the early members' linkage to each other may be conjectural, and/or some of the data supplied was wrong to start with.

We enjoin the clan members to make corrections/updates as may deem fit, such as filling in the correct names, years, additional children and/or siblings, preferred deletions, etc. If sent back to <ferngil@aol.com>, we will update the database and reissue a new printout.

Soon after Version 7 was posted, we got some rejoinders, one of which was from Arlene Pastor who gave more insight on the originators of the Teves Family Tree. We reproduce the complete write-up below.

Teves Genealogy – History

The Vicente Anunsacion Teves Genealogy was handwritten by Doña Rosario "Charing" Vicente Moras around the 1960's. Then in 1970, Josefa Villanueva Perez, the late Negros historian, made a huge contribution to the original family tree. Sometime in the 1980's, Emma T. Larena and Tina T. Larena, together with their mother, Carmen Teves-Larena, expanded the family tree to include descendants previously omitted. The three of them worked as a team digging up church records and dusting off municipal archives.

Subsequent family reunions of the Teves-Lajato clan on July 29–31, 1994, and the Villegas clan on July 21–22, 1999, further enhanced the contents of our documentation and resulted in a resurgence of interest in our family tree. The Teves-Lajato lineage was catalogued as result of the efforts of Maitos Teves Aldeguer. Consequently, Jose "Pepe" Villegas Tiongson in preparation for the Villegas family reunion finally indexed the Villegas ancestry.

In 2011, major contributions to the expansion of the genealogical records were made by Niwatchai Peter Hueysuwan, Ron Jacob Abrazaldo Calumpang and Jay Villanueva Florentino. On July 15, 2011, Arlene D. Pastor, World Bank retiree from Virginia, U.S.A. released an updated *Teves Genealogy* from extensive data contributed by Prof. Penn T. Larena Jr. MPA (SPUD), Czarina T. Bonnevie Teves and Joseph "George" T. Rivera as well as family data collected from Pastor cousins and other Teves relatives from the Philippines and the U.S.

As serious genealogists or even budding ancestor hunters, we are profoundly indebted to our older family members and relatives who collected and catalogued all the information contained in many of our family trees on the Internet. We should acknowledge our sources properly and in an academic manner.
